Overview

No other dining experience is quite as wild as the Rainforest Café! With state-of-the-art décor and animatronics, it's a real jungle in there! Located inside an erupting Volcano, a life-sized gorilla pounds his chest in the bushes. A trumpeting elephant rears its head. Exotic birds sing and butterflies float under a lush canopy of banyan trees and flowering vines. Cool mists float through the air, amid sounds of far-off thunder and cascading waterfalls.
